Child Care Center Integrated Pest Management Plan

When completed, this template meets the Healthy Schools Act requirement for an integrated pest management (IPM) plan.

An IPM plan is required if a child care center uses pesticides¹.

Pest identification, monitoring and inspection

Pest Identification is done by: San Francisco State University staff

(Example: College/University staff, Pest Control Business, etc.)

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by San Francisco State University staff

and results are communicated to the IPM Coordinator.

(Example: Center staff title, e.g. Custodial staff)

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include: (Example: Sticky monitoring boards are placed in the kitchen and are checked weekly by custodial staff.)

Contrac boxes are placed in the preschool, toddler and infant yards and are checked by San Francisco State University staff Pest Control on a weekly basis, or as determined necessary.

Pests and non-chemical management practices

This child care center has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal		Manage irrigation	Other
Rodents	V	V	V			V	✓	Removal of garbage receptacles in a nearby area, remove trees, remove plants, remove water sources.
Ants			V					

Chemical pest management practices

If non-chemical methods are ineffective, the child care center will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This child care center expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by child care center staff or licensed pest control businesses.):

Turf Supreme 16-6-8

Gopher Getter Type 2 Bait

Healthy Schools Act

This child care center complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 – 17613, 48980.3; Food & Agricultural Code Sections 13180 – 13188)

Every year child care center employees who make pesticide applications receive the follow. Pesticide specific safety training (Title 3 California Code of Regulations 6724)	owing training prior to pesticide use:					
School IPM training course approved by the Department of Pesticide Regulation (Ec Agricultural Code Section 13186.5).	ducation Code Section 16714; Food &					
Submittal of pesticide use reports Reports of all pesticides applied by center staff during the calendar year, except pesticides exempt¹ from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm . (Education Code Section 16711)						
Notification This child care center has made this IPM plan publicly available by the following methods (check at least one): This IPM plan can be found online at the following web address: http://childrenscampus.sfsu.edu/programinfo						
This IPM plan is sent out to all parents, guardians and staff annually.						
Review This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct.						
Date of next review: 12/3/2018						
I acknowledge that I have reviewed this child care center's IPM Plan and it is true and correct.						
Signature: Date: 2/1	5/2018					

Training

¹ These pesticides are exempt from all Healthy Schools Act requirements, except the training requirement: 1) products used in self-contained baits or traps, 2) gels or pastes used as crack and crevice treatments, 3) antimicrobials, and 4) pesticides exempt from U.S. EPA registration. (Education Code Section 17610.5)
